

International Scientific Practical Conference "Scientia Unescamus" opens on the 23rd of March, 2018

Scientific Practical Conference "SCIENTIA UNESCAMUS" is held once a year and is considered to be a comprehensive programme to support talented students and youth, a form of interaction of educational establishments, students, teachers and scientists from Russia and foreign countries.

The Conference is an inclusive event because it provides participation to the children with disabilities and special needs.

The main targets of the Conference are to reveal and support talented students and youth and to draw attention to the development of intellectual potential of society.

Every year at the Conference is attended by teachers, students, scientists and experts from Romania, Spain, the Netherlands, Abkhazia, China, Latvia, Kazakhstan, Great Britain, USA and other countries. Since 2012, in the activities of the Conference attended by more than 2 000 teachers, pupils, students, teachers and scientists. One of the main objectives of the Conference is to create a joint international projects, cooperation and collaboration between teachers and students from different countries.

Preparation and holding of the Conference is performed by Moscow State Budgetary Educational Institution High School №1517.

During the Conference following main events are organized:

1. Contest of Scientific Research and Project Works "SCIENTIA UNESCAMUS"
2. Cinema Festival of Children's Short Film "GymCinFes-1517"
3. Robotics Competition
4. Creative workshops, master classes and seminars for educators

The programme of the conference is also includes presentation of key reports, plenary and parallel sessions, holding creative workshops and studios, meetings and discussions.

Participants of the Conference are schoolchildren and students from Russia and foreign countries, teachers, scientists and specialists in various fields of knowledge. Evaluation and expertise of students' works is conducted by the Expert Council which involves professionals in all fields according to the sections.

Arrangement and holding of the Conference corresponds to the goals indicated in the state program "Moscow Education" for 2012-2018.
